About Deepak Chopra:

Deepak Chopra is the author of multiple books on alternative medicine. He was born in New Delhi, India and after attending the All India Institute of Medical Sciences, he moved to Boston where he began his career as a doctor. In 1995, Chopra founded the Chopra Center for Well Being in La Jolla, California. After a meeting with transcendental meditation guru Maharishi Mahesh Yogi, Chopra quit his job at New England Memorial Hospital and co-founded the Maharishi Ayur-Veda Products International, which specialized in alternative products successfully launching Chopra into the world of alternative medicine. Later, Chopra started the Chopra Center for Well Being in La Jolla. Chopra's 1993 book *Ageless Body, Timeless Mind* made him a household name selling more than a million hardcover copies. In June 1999, *Time* magazine dubbed Chopra "the poet-prophet of alternative medicine" and called him one of the top 100 heroes of the century.
